

# Hammer RTU™

Ready-To-Use  
High Speed Floor Restorer

CLEANS  
SHINES  
PROTECTS

**A Product of Momar's Greenaction Product Group  
Environmentally Responsible Chemistry**

- FORMULATED IN PARTNERSHIP WITH THE EPA DfE, THIS PRODUCT UTILIZES BIODEGRADABLE, NON-TOXIC INGREDIENTS WHICH EXHIBIT MORE POSITIVE ENVIRONMENTAL AND HUMAN HEALTH CHARACTERISTICS THAN CONVENTIONAL FORMULATIONS
- DEEP CLEANING FORMULA
- RESTORES GLOSS AND BRILLIANCE
- ENHANCES DAILY NEUTRAL CLEANING
- PROTECTS FLOORS FROM EXPENSIVE WEAR
- IMPROVES DURABILITY AND SOIL RESISTANCE
- REDUCES DUST DURING HIGH SPEED BURNISHING
- ELIMINATES BUILDUP DURING LOW SPEED BUFFING
- EFFECTIVE WITH COLD WATER TO SAVE ENERGY USED TO HEAT WATER
- MEETS USDA A-1 GUIDELINES

Manufactured by  
**MoCHEM®**  
Division of Momar, Incorporated  
1830 Ellsworth Industrial Dr., N.W.,  
Atlanta, Georgia 30318  
A Green, Environmentally Responsible  
Cleaning Force Throughout the World  
Since 1947 Providing Products of  
Momar Research in the  
U.S.A., Europe, Africa, and Australia

**REPAIRS GLOSS-KILLING SCUFS AND MICROSCRATCHES  
WHILE HARDENING THE FLOOR FINISH FOR IMPROVED  
DURABILITY AND SOIL RESISTANCE.**

## APPLICATIONS

### Hammer Is For Use On:

#### ALL TYPES OF RESILIENT FLOORS:

*Asphalt & Rubber Tile—Asbestos—Vinyl—Linoleum—Cork*

#### HARD SURFACE FLOORS:

*Marble—Terrazzo—Ceramic—Travertine—Granite  
Slate—Concrete—Spanish Tile*

**Hammer is compatible with all conventional metal-interlocking floor finishes as well as zinc-free floor finishes. Works best with Tough-As Nails and Tough-As-Nails Green Floor Coatings.**

## DIRECTIONS

Apply HAMMER to the floor with a mop or autoscrubber at a rate of 2000-2400 square feet per gallon. Clean the floor in the normal manner but do not remove the solution from the floor. Leave the floor wet but not so wet that puddles form. Hammer will dry to a slight haze within 20-40 minutes. Once the haze appears, the floors are ready to be buffed or burnished. After buffing or burnishing is complete, dust mop the floors. Repeat treatment weekly or more frequently depending on traffic.

#### PRECAUCION:

AL USUARIO: Si usted no lee Inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.  
(TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)

— FORMULATED IN PARTNERSHIP WITH THE DfE PROGRAM —

The Design For The Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program.

Hammer bears the EPA DfE logo because it has been reviewed by the EPA DfE and the ingredients used in Hammer have been screened for potential human health and environmental effects. Based on the EPA's expert judgment, Hammer contains only ingredients that pose the least concern among chemicals in their class.

The cleaning performance of Hammer was evaluated by Momar chemists and found to be equal or superior to traditional cleaners. All regulatory agencies agree that pollution prevention — the reduction or elimination of pollution at the source — is given preference to recycling, treatment, or disposal. Therefore, Momar Greenaction products are formulated with:

- No perfumes or dyes
- No butyl, citrus, or terpene solvents
- No chlorinated solvents
- No phosphates or phenol compounds
- No EDTA, APE, or NPE compounds
- No Chlorine or Ammonia
- No SARA Title III, Section 313 reportables
- No HAPs (Hazardous Air Pollutants)
- No ODCs (Ozone Depleting Compounds)
- No PROP 65 ingredients
- No skin sensitizing ingredients
- Extremely low VOC - Meets USEPA and CARB VOC requirements

## CAUTION

Contains Glycol Ethers and Biodegradable Surfactants. Avoid contact with eyes, skin, and open wounds. Do not take internally. Do not store in temperatures above 110°F.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.  
NOT FOR HOUSEHOLD USE OR RESALE.

## STORAGE AND DISPOSAL

**HANDLING:** Although not required, goggles and rubber gloves are recommended with use of this product. Do not use pressure to empty because container is not a pressure vessel.

**STORAGE:** Store in cool, dry, well ventilated area with closure tight to prevent leakage. Do not store near excessive heat, spark, or open flames. Do not store near strong oxidizing or reducing agents. Keep container tightly closed when not in use. Replace closure after each use.

**DISPOSAL:** The empty container retains product vapor and residue. Follow all label warnings even after empty. Improper disposal or use of this container may be dangerous and illegal. Refer to applicable local, state, and federal regulations. Labels on abandoned or reused containers may not correctly identify liquid contents. Container with unknown contents must be considered hazardous, and contact with these contents must be avoided. Notify local authorities if found improperly stored or discarded. Do not use this container for another purpose. DO NOT cut or weld container due to explosion hazard.

**SPILLAGE:** For spills, use proper protective equipment. For small spills, use absorbent, allow to stand, then sweep up into container for disposal. For large spills, evacuate area, dike, then pump into container for disposal.

## PRECAUTIONARY STATEMENTS

**Hazard to Humans  
KEEP OUT OF REACH OF CHILDREN**

## FIRST AID

**INGESTION:** If ingested, do not induce vomiting. Get medical attention.  
**EYES:** Contact with eyes may cause temporary irritating sensation. Flush eyes with large amounts of water for 15 minutes. Get medical attention.  
**SKIN:** If repeated or frequent contact with skin causes excessive removal of natural oils, apply moisturizing lotion or cream. If dermatitis results, get medical attention.
