

25% SOLIDS, ENVIRONMENTALLY FRIENDLY SELF-INTERLOCKING FLOOR COATING

TOUGH AS NAILS™ *Green*

The "Toughest" protection available for vinyl, linoleum, rubber, terrazzo, asbestos-containing tiles, sealed wood, and cork. "Tough" against traffic. "Tough" against spills. "Tough" against gloss-killing dirt, grit, and sand.

MOMAR®
EnviroPact

COMPLIES WITH CARB AND NATIONAL VOC STANDARDS

COMPLIES WITH EPA RECOMMENDATIONS FOR MAINTENANCE OF FLOORS CONTAINING DANGEROUS ASBESTOS

FLOOR PREPARATION

1. Dust mop floor – making sure all dust, loose dirt, and debris are removed.
2. Remove stubbornly adhering foreign materials (such as chewing gum, tar, glue, etc.) with a putty knife.
3. Following label directions, use Momar PRY-BAR to remove existing floor finish or simply deep clean with a green pad. For green cleaning, stripping is not recommended and TOUGH AS NAILS GREEN can be recoated time after time when burnished and cleaned regularly.
4. For asbestos-containing floors, strip floors according to E.P.A. recommended "Interim Guidance for Maintenance of Asbestos Containing Floor Coverings" (Available through your Momar representative.)

APPLICATION DIRECTIONS

1. DO NOT USE SEALER. TOUGH AS NAILS GREEN does the job of both a sealer and a finish.
2. Presoak mop in TOUGH AS NAILS GREEN solution to wet. Wring lightly. (Rayon mops are recommended over cotton mops.) Ask your Momar representative about the Easy Shine Microfiber Applicator System.
3. Using a mop that is thoroughly wet, evenly apply a minimum of 2 and as many as 5 thin coats of TOUGH AS NAILS GREEN at a coverage of 2100 to 2600 square feet per gallon.
4. Allow at least 25 minutes drying time between each coat. High humidity and low temperatures may extend drying time.
5. Retains shine best when buffed or burnished with Momar's HAMMER High Speed Restorer regularly. TOUGH AS NAILS GREEN does not yellow over time when properly maintained with Momar's ENVISION Neutral Cleaner and should not require stripping prior to recoating. If stripping is required, use Momar's PRY-BAR Odorless Floor Stripper.

STORAGE AND DISPOSAL

HANDLING: Always wear protective clothing including goggles, rubber gloves, and apron. Do not use pressure to empty because container is not a pressure vessel. DO NOT RETURN UNUSED TOUGH AS NAILS GREEN TO ORIGINAL CONTAINER.

STORAGE: Store with closure up to prevent leakage. Do not store near strong oxidizing agents. Keep container tightly closed when not in use. KEEP FROM FREEZING.

DISPOSAL: The empty container retains product residue. DO NOT cut or weld container due to contact hazard. Follow all label warnings even after empty. Improper disposal or use of this container may be dangerous and illegal. Refer to applicable local, state, and federal regulations. Labels on abandoned or reused containers may not correctly identify liquid contents. Container with unknown contents must be considered hazardous and contact with these contents must be avoided. Notify local authorities if found improperly stored or discarded. Do not use this container for another purpose.

SPILLAGE: For spills, use proper protective equipment. For small spills, use momar safe sorb, allow to stand, then sweep up into container for disposal. For large spills, evacuate area, dike, then pump into container for disposal.

PRECAUTIONARY STATEMENTS

Hazard to Humans
KEEP OUT OF REACH OF CHILDREN

EYES: Causes slight eye irritation.
