

**PREVENTION:** Wash hands and all exposed skin thoroughly after handling. Wear protective gloves / protective clothing / eye protection / face protection. Do not breath dusts or mists. Use only outdoors or in a well-ventilated area. Do not eat, drink, or smoke when using this product. Keep away from heat. Keep/Store away from clothing and other combustible materials. Take any precaution to avoid mixing with combustibles / flammables. Wear fire / flame resistant / retardant clothing. Do not use pressure to empty because container is not a pressure vessel.

**RESPONSE:** If swallowed: Call a poison center / doctor / hospital. Rinse mouth. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water / shower. Wash contaminated clothing before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor/hospital. If inhaled: Remove person to fresh air and keep comfortable for breathing. If on clothing: Rinse immediately contaminated clothing and skin with plenty of water before removing clothes. In case of major fire and large quantities: Evacuate area. Fight fire remotely due to the risk of explosion.

**STORAGE:** Store locked up. Store at temperatures below 120°F in a well-ventilated place, out of direct sunlight. Keep container tightly closed when not in use.

**DISPOSAL:** Dispose of contents/container to approved waste disposal plant in accordance with federal, state, and local regulations.

**SPILLAGE:** Wear appropriate PPE. Avoid spills and clean them up immediately when they occur. Product may be slippery. Avoid accidental release of concentrate into sewers or water ways. Contain spill if possible. Absorb on mineral clay absorbent material. Shovel into DOT approved container for disposal.

# Drain OX™

## Stabilized Bio-Oxidant Solution

### “Green Facts”

- No toxic chemical subject to the reporting requirements of Section 313 of the Emergency Planning & Community Right To Know Act of 1986 as per 40CFR372
- Contains No Surfactants or Emulsifiers
- Enhances Biodegradation of Hydrocarbons
- No VOC's
- No HAP's
- No Prop 65 Ingredients
- Meets USDA L-1 Guidelines

### MANAGES THE FOOD SAFETY RISK OF LISTERIA AND FRUIT FLIES BY PROVIDING A HIGH LEVEL OF DRAIN SANITATION

- ➔ Reduces CODs, BODs, and TSSs and their related surcharges
- ➔ Eliminates organic odors that bother neighbors and employees
- ➔ Scavenges poisonous hydrogen sulfide preventing it from corroding metal surfaces
- ➔ Increases dissolved oxygen which boosts biological metabolic activity
- ➔ Devours hydrocarbons such as greases, oils, fats, and solvents in drains and grease traps
- ➔ Devours blood, fat and bodily tissues and fluids in surgical drains
- ➔ Devours sugars, syrups, and slime that build up in soda fountain drains, ice machine drains, and water fountain drains

#### DIRECTIONS

**DRAINS & GREASE TRAPS:** Drain Ox is ideally suited to remove heavy grease buildups in drain lines and grease traps. Because Drain Ox is non-caustic and non-acid, it can be used in any drain or trap to provide a deep cleaning prior to starting a Momar drain or grease trap maintenance program such as Momar's 8-Alive Maintain-A-Drain program. If bioenzymatic products are not allowed, Drain Ox is compatible with Momar's Maintain-It-All System and can be used in a daily treatment program.

Slowly add Drain Ox to each drain opening, starting with those located closest to the grease trap and working upstream. 1-3 gallons per drain opening may be required to completely remove existing buildups. Be careful as Drain Ox may produce foam during the clean-out and this foam may come up through floor drains. Drain boots and drain covers may be used to prevent this from occurring. Foam can be rinsed back into the drain easily after application. If fumes begin to form during application, add cold water to slow down the cleaning process. After initial clean out, add 30-60 ounces of Drain Ox per day as preventative maintenance.

**SODA FOUNTAINS, ICE MACHINES, & WATER FOUNTAIN DRAINS:** Add one quart to remove all of the existing build up and then add one quart weekly to prevent build up.

## DANGER

Harmful if swallowed. Causes severe skin burns and eye damage. May cause fire or explosion; Strong oxidizer.

Emergency Telephone Number (INFOTRAC):  
 North America: 1-800-535-5053, International: 1-352-323-3500  
 FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.  
 NOT FOR HOUSEHOLD USE OR RESALE  
 CONSULT SAFETY DATA SHEET (SDS) FOR MORE INFORMATION.  
**KEEP OUT OF REACH OF CHILDREN**

ID NUMBER:	UN 2984
PROPER SHIPPING NAME:	Hydrogen Peroxide Aqueous Solution
D.O.T. CLASS:	5.1, Oxidizer
PACKAGING GROUP:	III
