BBP1010	10" x 10"	30/case
BBPP1010	10"pan&10"pillow	10/20/case

The all-purpose strong, lightweight and non-abrasive absorbent product that locks in liquid.

- Designed to handle most common industrial fluids such as water, oil, coolants, inks, dyes and non-aggressive chemicals.
- Made with a skin of inert, needlepunch polypropylene fabric for immediate wicking action, continually drawing the fluid to the center of the material.
- These products are made of pre-consumer waste and do not float on water.

UNIVERSAL

SOCKS

BUS12	3" x 4'	12/case
BUS20	3" x 4'	20/case

PILLOWS

BUP1717	17" x 17"	16/case
BUP1010	10" x 10"	30/case

Our Universal polypropylene products are the mistake-proof response to aggressive fluid drips, leaks or spills.

- They work just like our other sorbents yet they also safely absorb hazardous fluids, including: acids, caustics, solvents, toxic liquids and aggressive chemicals like hydrofluoric acid.
- Universal products are lightweight and easy to store yet strong and durable.
- Spunbond skin provides strong wicking action, quickly soaking up fluids and keeping them inside.
- Pillows have hand-sewn loops making it easy and safe to retrieve.
- The BUS410 is firm yet pliable with excellent wicking action. It is easily molded and can be shaped to fit around machinery and equipment for a cleaner, safer plant.

WaterBROOM

BWB510	5" x 10'	2/case
--------	----------	--------

Our Oil Only products are designed to absorb hydrocarbons such as oil, gasoline, diesel fuel and kerosene while repelling water. These products float in water, even when fully saturated.

- All of our oil-only pillows, socks and booms have a loop for easy retrieval and deployment.
- Filled with highly absorbent polypropylene fibers.
- BOP1717 Pillows are divided into three sections to maintain even distribution of the filler and to maximize absorption.
- The BOBE510 boom can be used on land or water and can be coupled together for longer length.

Our WaterBROOM™ is designed to absorb and contain hydrocarbons on water surfaces for prolonged periods of time and will float indefinitely even when fully saturated.

- Use on ponds, across outfalls, discharge systems, storm drains or any potential problem area.
- The orange PVC coated skin is extremely durable and UV resistant.
- Designed with unique male and female couplings that connect to prevent gapping.

FACILITY MANAGEMENT

TOP MOPS

Universal

BUTM 22" Dia. 25/bag

Oil Only

BOTM 22" Dia. 25/bag

Precut to fit most 55 Gallon Drums, Universal and Oil-Only top mops are perfect for catching drips and spills as a fluid is pumped out of a drum. Precut bung hole makes using them quick and easy.

Weighted Drip Pad

BDS1820 18" x 20" 1/Case

This weighted drip pad casing is made of durable fabric and mesh and has been constructed to hold our 17" x 17" Oil Only pillows. Weighted by design allows it to remain stationary in wind. Simply insert a pillow into the drip pad and, when it's fully saturated, dispose of the used pillow properly and insert a new one.
